Retire Your Legacy Identity Stacks

Did you know Synacor is a full-service identity provider with capabilities reaching well beyond the TV Everywhere space? It's true!

SYNACOR CAN HANDLE EVERY ASPECT OF AUTHENTICATION FOR YOU.

- Full User and Account Lifecycle Management
- Primary and Secondary Account Registration
- Profile and Password Self Service and Management
- Household Management of Child Accounts
- Parental Controls
- Device Management
- Storage of any type of Entitlement Information including Email Packages, High Speed Data Packages and Value Added Services

MOVE TO THE SYNACOR CLOUD FOR ALL AUTHENTICATION SERVICES.

- Extend digital IDs to new online services: Wi-Fi, home security and third party video sites
- Consolidate legacy, fragmented identities with a unified ID
- Retire those old, expensive servers, lowering total cost of ownership
- We can handle 100% of the hassle, allowing you to retire your in-house identity stack or migrate related systems
